Property Description

Location: The Golden Mile, Costa del Sol, Spain

La Fuente presents a new concept of luxury living in Marbella, being the only gated community of private villas set in such a uniquely prime location. La Fuente – a bespoke private community with 24-hour security guards and concierge services, comprised of only 15 individual, luxury villas situated in a green oasis on the edge of the famous Golden Mile.

Designed by the renowned architect Ernesto Palanco with the intention of creating a new concept of a very private community in the most desirable central location, offering luxury and privacy while still being close to all the amenities in Marbella; a concept that did not exist before. The vision is to offer environmentally friendly properties, incorporating the finest qualities of natural materials, the latest technologies and refined, sophisticated specifications that guarantee a thoughtful luxury living experience. By the creation of the modern, individual villas, Ernesto used some traditional Andalusian elements to apply a beautiful flair to the houses and the community, using wood, stone and water.

The exceptional setting borders a protected nature park and is situated just meters from the beach, within minutes' walk to the historical Old Town, the finest restaurants and the iconic Marbella Club and Puente Romano resort hotels, is all that makes La Fuente so unique.

All of the different villa types are created for a modern, luxurious yet functional living experience with a thoughtful space distribution. The bedroom suites are designed to offer a personal domain of comfort and peace, complete with stunning bathrooms, dressing rooms and terraces.
